

Youth Art Fundamentals Painting Supply List Fall 2018

instructor: Michelle Perez

www.thestudioschoolsavannah.com

(wet media)

Student grade acrylic paint set of 12-24 colors- I recommend staying away from craft paints, they are too watery for painting.

palette paper for mixing paint

palette knife for mixing paint- I recommend a triangular one, pointy at the top, we will use it to paint from time to time

rags or paper towels

water container

8x10" palette paper or acrylic paper, canvas board, or canvas- you can try different surfaces if you would like.

1" painter's tape

Acrylic brushes of various sizes, at least one large 1" brush, one medium, and a small round for details. Make sure they are for acrylics or oils and not for crafts or watercolor. The synthetic ones with the soft but firm white bristles are usually great.
